KLEBERG'S MAJORITY.

Democratic Nominee Bent Crouch by Forty-one Hundred Votes. Corpus Christi, Texas, November 19 .- The following table of statigues of the majorities of the various countles for Kleberg and Crouch, respectively, was gathered by The Post correspondent from various sources. A large amount of it was kindly furnished by Congressman Kleberg, who was here several days ago, and by Judge lumes B. Wells, who is at present holding court here, as well as some of the returns which have appeared in The Post from time to time. The figurem shough not all official, are said to be as accurate as can be obtained and will not in all probability be in any wise materially changed when the official vote is announced: KLEBERG.

Atascosa 200 Bac 651 Calhoun 251

Zapata 681 Zavalia 18 According to this table Kleberg has a majority of 4127 over Oronch, or almost 2000 more than over Grass in 1896.

J. D. CHILDS A CANDIDATE.

Believes He Will Eastly Be Elected Spenker.
Austin, Texas, November 18.—Hon. Jeff D. Childs, member-elect of the legislature

from Bexar county and candidate for speaker, is here today and gave out the following interview;

'if am proud of old Bexar county; she is now the banner democratic county in the State. Sayers' majority is 6735. We will have 26 votes in the next State convention. Bexar gave Slayden for congress about 1500 majority, and the five counties in my dis-

trict gave me over 6000 majority for floater representative over Goodwin, independent.

"Yes, I will be a candidate for speaker of the next house and believe my chances are excellent, as I am getting strong assurances of support from Eastern and Middle Texas, where I formerly resided, as well as from every part of the State.

"I am also of the optition that the members of the legislature from other parts of Texas will recognize the claims of Bexar county, which is the only large county is the State that did not ask anything of the State that did not ask anything of the year, and now as Bexar is overwhelmingly the banner county, I believe that the other portions of the State out of a spirit of fairness will recognize my claims as a candidate for the speakership.

"If I am elected speaker I shall advocate closing the seesion within the constitutional limit of sixty days. I will also advocate many changes in the rules so as to expedite legislation. I shall also endeavor to help make Governor Sayers' administration a success."

GOVERNOR SAYERS AT AUSTIN

CROWD OF APPLICANTS AWAITING HIM WAS VERY LARGE.

He Has Not as Yet Made Up His Mind Fully as to Any of the Appointments.

Austin, Texas, November 19 .- Governor Sayers finally got here today and he found a small army waiting for him. There was a mountain of mail at the hotel also for his perusal and special delivery messenge: did business with him all day.

Immediately after his arrival he hurried to his room, expecting to take a little rest; but it was no go. All the clerks, porter and bell boys in the house could not keep the crowd off. The elevator and the front and rear stairways were overrun in less than no time as soon as it became known that he was in town and the boys had his room located before he could turn around. He took a stroll up to the capitol and found them waiting for him up there also. They sprang from behind columns and out of dark corners as if by magic, begging for "just a word" or for one minute of his time. He took it all good naturedly, though, and smiled pleasantly on all, assuring them with great sunvity that he would give each individual case careful consideration.

This evening he spent considerable time

with some of the men whose advice it is understood will be taken by him in the 'making of the final round-up, but if any

decision was arrived at in any way it has not been made known. To The Post correspondent the new governor said that most positively he had as yet not made up his mind with regard to any of his appointments, not having had time to look over the shousands of appli-cations and recommendations which Mc&is. Jameson, Thompson and Harian have for several days been assorting for his pe-

An imposing delegation from Ellis county showed up here last night, but to lay Bell and Williamson counties came to the front in great shape and are now splendilly represented. The Bell county people are mostly for Underwood of Helland for reputeritary investors and the William for reputeritary investors and the William for centientiary inspector and the Williamson county people are all John's friends. The Ellis county crowd want T. G. Smith of Waxahachie to have the superintendency of the deaf and dumb asylum. Rufus King of Belton, who, by common consent, will get

most anything be wants, is here.

Frank Andrew of Houston, who is considered one of the mainest of Sayers' friends, was here today but kept himself

SOME DEDUCTIONS.

Drawn from the Figures Giving Returns on State Election. Dallas News.

Mr. J. C. MoNealus, secretary of the county democratic executive committee, said to a News representative last night: "I have been doing some figuring on the next State convention and find that in 1900 the big countaes will be entitled to representation as follows: Bexar county will lead wigh 26 votes, Dallass county will be second with 23 votes, Harris county third with 2f and Trayls and Galveston tie for with 21 and Trays and Galvesion the for fourth place with 20 votes each. Collin comes fifth with 19 votes and Ellis sixth with 17 votes. Grayson has only thereen votes in the next convention, one-half of strength of 1898. Grayson and Dallas were at the head of the list in the convention of Galveston, having awenty-six votes each. As far as roturns have been received, with a few small counties to hear from the congressional vote is interesting. The total vote foots up 425,599. The democrats total vote foots up 425,599. The democrats ran candidates in thirteen districts and these candidates received 275,044 votes; the republicans had candidates in ten districts and these candidates polled 72,734 votes, the populists in ten districts received 60,574 votes and independents to three districts (Hon. G. W. Jones included) captured the hallots of 16,857 suffragans.

The congressional vote is apportioned as "The congressional vote is apportioned as follows: Democratic 275.644, opposition 149, 955, democratic majority over atl 125,680."

AYER'S Sarsaparilla

is the

BEST SARSAPARILLA.

"Best" is an easy boast. But there's no best without a test. You expect something extra of best; something extra in bread from best flour; something extra in wear from best cloth; something extra in cures from best medicines. It's that something extra in Ayer's Sarsaparilla that makes Ayer's the best. That something extra is quality, Remember it's quality that cures, not quantity. Geo. Smith of the People's Drug Store, Seymour, Conn., says: "I have sold your goods for twenty-five years and when a customer asks me for

The Best Preparation for the Blood

I say: 'If you will take my opinion, use Ayer's Sarsaparilla; I will guarantee that you will receive more benefit by using one or two bottles of Ayer's than you would by using half a dozen bottles of some other kind.' When they take it, I never hear any complaint."

Ayer's Sarsaparilla cures all diseases that have their origin in impure blood: sores, ulcers, boils, eruptions, pimples, eczema, tetter, scrofula, etc. It cures cheaply, it cures quickly, and it cures to stay. That's why it's best.

"After twenty years' experience as a druggist, I consider Ayer's Sarsaparilla superior to any similar preparation on the market, and I give it the preference over all others."

A. C. WOODWARD, Worcester, Mass.

"In our estimation, as regards Sarsaparilla, Ayer's is the standard. We have never heard it spoken of in other than the very highest terms."
W. E. TERRILL & CO., Pharmacists, 9 State Street, Montpeller, Vt.

"I consider Ayer's Sarsaparilla the best blood purifier on the market." Dr. GRISE & CO., West Gardner, Mass.

"During fifteen years of experience with Ayer's Sarsaparilla, I have yet to learn of a single case wherein it failed to cure if used according to directions."

F. O. COLLINS, Druggist, Paris, Mo.

"I believe Ayer's Sarsaparilla contains compound." JAMES DOANE, Dispensing Chemist, Kingsville, Ont.
